Announcements and Reminders

Reminder About Covid-19: There has been a recent resurgence of Covid-19 infections in the community. The CDC recommends that all people use core prevention strategies to protect themselves and others from Covid-19, as follows:

- Stay up to date with Covid-19 vaccines
- Practice good hygiene
- When you are sick, use precautions to prevent spread, including staying home and away from others if you have respiratory symptoms.

- Seek health care promptly for testing and/or treatment if you have risk factors for severe illness. Treatment needs to be started within a few days of when your symptoms begin.
- Wearing a mask and putting distance between yourself and others can help lower the risk of transmission.

Thank you for being responsible and considerate with regard to Covid-19 prevention strategies.
